Upcoming 2009 Tradeshows and Conferences in China

In the past ten years, the economic development that China has gone through has been described as the "Economic Miracle of modern times" With a foreign reserve of over 1 trillion U.S. dollars, China is at a cross road of entering the world of developed countries. Whereas foreign companies were visiting China to "BUY" products, they are now there to "SELL" to the Chinese consumers. China now has the highest number of internet users of all countries, the most number of cell phones and is expected to surpass Japan as the second biggest market for luxury goods within the next five years. In cities like Beijing and Shanghai, an average of 1000 new car licenses are issued each day and while many country GPD's in the world are growing at a rate 2-3% a year, China is averaging over 10% a year. Needless to say, with such a back drop, business travel to China is growing at double digits. We at Peregrine Travel Group recognize this and we serve as a leading company in bringing foreign businesses to visit China. In addition to providing business travel, we are also helping companies to attend trade shows in China to either "BUY" or "SELL" to China. Our services go beyond the typical hotel and airport transfers; we provide private cars, translators and many other business services. We can even help provide "sales booth" support at exhibitions. This is a market segment within the travel world that is growing at a very rapid rate and we would like to share this with you as our partner. We hope that you will be able to take advantage of this dynamic market. The following are some selected trade shows and conferences that will be held in Beijing, Shanghai, Guangzhou, Xian and many other cities of China in the next few months. The upcoming biggest event is **105th China Import and Export Fair (Canton Fair)**, which is held twice a year in spring and Autumn since it was inaugurated in the spring of 1957. It is China's largest trade fair of highest level, of the most complete varieties of the largest attendance and business turnover. Preserving its traditions, the fair is a comprehensive and multi-functional event of international importance.
